Sara –

I did a comparison and this matches what I have in the notice. The only difference is that this is point #2 under affordability and I also included point #1.

Hi

As I mentioned to Gail, one of the long “block” quotes in the notice has bit different language than what’s in the Guidelines. Rather than do a word-by-word edit, I thought it would be easier to just cut-and-paste from the actual Guidelines, which is what it attached here.

Hope this helps, that’s my intent....
